1.0 Purpose

Virginia Polytechnic Institute and State University is committed to providing a safe, healthy, and pleasant learning and working environment for its students and employees. Medical research has shown that smoking poses hazards to one's health. Furthermore, research suggests that passive smoke may be hazardous to non-smokers. This policy is an effort to protect students and employees from the potential health hazards and discomfort of exposure to smoke, while also recognizing and respecting the rights of those who choose to smoke.

2.0 Policy

Within facilities owned or leased by the university and in university-owned vehicles, smoking is not permitted. This also includes parking garages, covered walkways, temporary enclosed structures, trailers, and tents as well as structures placed on university-owned property by contractors or vendors. Smoking is permitted outdoors on university grounds, plazas, sidewalks, malls, and other similar open pedestrian-ways, provided smokers are at least 25 feet from an air intake, entrance or exit of any facility, including parking garages, when a person is lawfully of age to possess and/or use tobacco, nicotine vapor, or alternative nicotine products in the Commonwealth of Virginia.

3.0 Procedures

3.1 Employee Work Breaks

In accordance with University Policy 4300, Hours of Work (<https://policies.vt.edu/4300.pdf>), supervisors may grant staff and wage employees working an 8-hour shift one morning break and one afternoon break which shall not exceed fifteen minutes each. These work breaks may be used to smoke outside buildings, as provided in Section 2 above. No additional smoking breaks are allowed.

3.2 Disposal of Smoking Materials

Where ash urns are furnished, they shall be placed at outside locations (25 feet or more from entry/exit ways) to aid smokers in disposing of smoking materials.

3.3 Responsibility

It is the responsibility of all students, faculty, and staff to observe the smoking policy. It is the responsibility of each supervisor, manager, department head, director, dean, and vice president to enforce the provisions of this policy in their area of accountability. Those who possess and/or use tobacco, nicotine vapor, or alternative nicotine products in approved areas must be of lawful age as defined by the Code of Virginia.

Those who smoke outside of buildings are expected to be considerate and courteous of other individuals in the university community. Smoking locations should not impede traffic flow in or out of buildings and should be in a location where smoke cannot drift

into office, class or living space. Additionally, smokers should leave the smoking locations free of cigarette butts and other trash materials. All faculty, staff, students and visitors share the responsibility of keeping the campus clean, attractive, and litter-free.

4.0 Definitions

SMOKING is the lighting or burning of any pipe, cigar, or cigarette, or other tobacco product; or the use of any electronic cigarette or vaping device.
