1.0 Purpose

These procedures exist to identify which student leaders receive parking passes by virtue of their positions in their organizations, the regulations regarding the passes they receive, and the procedure by which the passes may be obtained.

2.0 Policy

- Virginia Tech Union, President, President

Only the presidents of the Student Government Association, the Graduate Student Assembly, the Residence Hall Federation and the graduate and undergraduate student representatives to the Board of Visitors are given the option of purchasing a faculty/staff permit for the regular price.

It should be noted that certain officers of the Undergraduate Honor System also receive special parking permits through the Provost Office, though they are not a part of this policy.

The Vice President for Student Affairs or delegate identifies students in these positions each year, sends this information to Parking Services, and makes changes to the list of positions in this policy when it is revised.

2.2 Process to Obtain a Pass

Students who are eligible for a special use permit must first purchase a student parking permit from Virginia Tech Parking Services. To be considered eligible for a special use permit, the original permit must not be a discounted permit such as the remote or carpool permit. To receive the SU parking hang tag, students need to inform Parking Services that they are eligible. Parking Services will check the list received from the Vice President for Student Affairs to ensure eligibility.

2.3 Pass Use and Restrictions

The SU parking hang tag allows students to park in any legal faculty/staff parking space for a two-hour maximum while attending official meetings related to their office. There are three restrictions that are extremely important:

- The Special Use (SU) pass may only be used for attending official meetings related to the student's position.
- The SU pass may not be used to attend class.
- The vehicle license on the SU pass must match the vehicle in use or the owner of the pass will face a \$100 fine.

Failure to comply with these and all regulations outlined in the regulations booklet students receive when purchasing their passes will result in the issuance of a parking citation. Repeated failure to follow regulations will result in revocation of the SU parking hangtag for the remainder of the academic year.

3.0 Procedures

There will only be one pass issued per position. The Vice President for Student Affairs will send updated lists of position holders to Parking Services, but it is up to the individual organizations to determine when passes will be changed. If a participant is removed from his/her position by election or other means during the academic year, that participant must first turn in his/her pass before a new pass will be issued for the person assuming the position.

4.0 Definitions

Discounted Permit: Any parking permit available to students at a lower price than the standard annual graduate or undergraduate (commuter) parking permit. Examples include the remote lot student permit and the carpool student permit.
